DAYTON, OH, UNITED STATES, March 20, 2018 /EINPresswire.com/ -- Phoenix Deluxe is a fiery new album released by the 42 year old independent artist Saukar a.k.a. Fat Daddy.

Over the years Saukar has taken over the hip-hop music scene with his unique style and influences of R&B, Jazz, Rock and Electronic. This new sound is arguably his best work yet!

This impressive collection of music is not only composed and performed by Saukar; but produced, engineered and fully mastered by him reflecting on his elaborate skills as an artist. A recent review from music blogger, [Carson C. Lee](#) states "The most impressive characteristic to the album as every piece was 100% crafted from scratch with multiple apparatuses to establish this colossal sound without external crutches or sampling."

In contrast to most underground hip-hop, Saukar keeps his raps mostly clean and void of vulgarity. This hip-hop gem has a sound that is deep, mature, and reflective; not to mention highly relatable and empowering to the listener.

“

In this world, we all get put down or lose our way. Hopefully, I can spark a flame in you to continue on your journey through whatever obstacles you face.”

In his own words,

“This album is about being hopeful, motivated, & inspired. In this world, we all get put down or lose our way. Hopefully, I can spark a flame in you to continue on your journey through whatever obstacles you face. Whether you are an athlete, a politician, a parent, a teenager, an artist or just someone who hasn't found their way or feel like they up against the world, there is something here that you can use for yourself.”

This is reflected in his new singles "The Silver Lining" & "Put Me In The Game", as well as "I Am Free" which will be available in April (but can be heard on the main website page). These singles are included on the album which is available globally.

Phoenix Deluxe is released under Saukar's recording & publishing company Heatholders Music Association which Saukar created to support his work as an independent artist.

The timbre of this album beautifully emphasizes the emotions felt in everyday life, with just the right blend of instrumentation and beats. On the website, Saukar quotes "Every Song Is A Story", which in no doubt is reflected in his heartfelt lyrics about everyday real human struggles. On his website there will also be an opportunity to explore featured blog posts which are the stories behind the songs.
